Skating Levels

Basic 1 through Basic 6 (Ages 6 & Older)

The Basic Skills Program is designed by U.S. Figure Skating to be the best beginning ice skating program that serves the needs of both the recreational and competitive skater. The curriculum is designed to keep skaters enthusiastic about learning from the time they begin lessons until the time they reach their goals. Whether their goal is to achieve Olympic fame or simply enjoy the recreational benefits of skating, the Basic Skills Program is the place to start! Skaters are placed in levels based on their ability. Six-week skating classes continue from Basic 1 through Basic 6.

Snowplow Sam (Ages 4-5)

Ages 4-5 are placed into the US Figure Skating Snowplow Sam program. This program is designed to help pre-school age children develop the preliminary coordination and strength necessary to maneuver on skates.
